## 2010 Chapter Officers

Chairman: **Jim Boudreaux**

Vice Chairman: **Mike Leeds**

Secretary: **Larry Mulder**

Treasurer: **Ralph Adams**

Judging Chairman: **Bill Folse**

Webmaster: **Jim Boudreaux**

Crossed Flags Editor: **Bill Folse**

## 2010 Meeting Calendar

### Upcoming Chapter Meetings/Events

- **Mar 28:** First Chapter Road Tour
- **April 18:** Spring Judging Meet in Slidell
- **May 15:** Crawfish Boil and Charity Auction
- **July 13-18:** NCRS National Convention and National Road Tour
- **July 25:** General Meeting and AC Technical Seminar
- **Sept 19:** General Meeting and Judging School
- **Nov 21:** Fall Judging Meet in Mississippi and Second Road Tour

### *Needed: Newsletter Editor*

*The Crossed Flags needs a new editor.  
The format is currently in Microsoft  
Word but it is editor's choice.*

*All that is necessary is to have fun.*

*The task is not difficult, but it does  
require some time on a semi-monthly  
basis to prepare.*

*The prospective new editor will have  
time to get familiar with the current  
process.*

*Any interested parties please contact  
Bill Folse*

## Chairman's Message

By: Jim Boudreaux

I hope all had a great holiday season. We are already into a great new year. Many of our chapter members attended the Florida regional and to coin a phrase, a great time was had by all. A couple of our members had their cars judged and received top flight awards. I really enjoyed the judging activities and we had a great judging school with visits from top folks in the Chevrolet Corvette engineering dept. The nightly cruises of old cars were the best it has ever been.

To get on to our chapter business we had a great meeting in late February in which we decided to pursue another Chapter Top Flight award for 2010. To this end we will be asking all to help with our road tours and the silent auction we are having in May at the crawfish boil. We need donated items and we will be sending out info you can use to help us get donations. We also decided to keep our great charity, Children's Hospital for 2010.

Our next event will be a chapter judging meet in April at the home of Keith Doer, who is a long time corvette owner and the owner operator of a speed and repair shop. It should be a really great event. We already have three cars identified as possible for judging, which is our limit for this meet, but if you want your car judged we will be having another meet in the fall.

A number of us are planning to attend the National Convention and the associated road tour. If you are planning on joining us, please let us know so we can coordinate time schedules and the barbeque we are planning at the event.

In closing, I hope to see as many as can make it at the judging event in April. It will be a great time.

**Jim Boudreaux**  
Chairman  
Membership Chairman

## IT'S RENEWAL TIME!!

It is not too late to send in your Louisiana Chapter NCRS Dues for 2010! Please complete and return the enclosed membership application renewal form.

Please send in your 2010 dues and any contact info changes as soon as possible. Even though you may miss the current roster, you will be back on the next one.

To those of you who have already paid your 2010 dues, we thank you for renewing with us.

The Louisiana chapter plans on another great year with at least two judging events, a crawfish boil, judging schools and seminar events that will advance our members in their hunt for the Master Judge's hat. We plan to host some road tours. Many of us plan to join the NCRS National Convention Road tour ending up at Lowes Motor Speedway in North Carolina.

The past year has been very good for our organization. We hope to achieve a TOP Flight Chapter award again in 2010.

Please join us for a very eventful year...Jim B.

## Judging Chairman's Message

By: **Bill Folse**

It has been a blur! It seems like yesterday that we were eating hot dogs at Gerald & Kim's home in Slidell.

I think we had a judging meet, then I got run over by Christmas, New Years, NFL Playoffs, getting a new wife, the Superbowl, Mardi Gras! Now we have St. Patrick's Day, Italian American Parade, and Income Tax!

Now it's time to break out the Corvettes again, finally!

So now many of the Corvettes we judged in 2009 were able to be judged once again in a regional arena. I am excited to hear that our scores were very consistent. And I haven't received any hate mail from national about my recordkeeping!

I know that our fun level was way off the chart. I don't think many chapters can compete with LA Chapter when it comes to just having a good time while we take care of business!

We will try to give every opportunity to everybody to get as much exposure to judging and judging school opportunities as we can. Just the same, don't wait around for me to read the NCRS Judging Reference Manual to you! (but if I do, the test is not going to be nice).

Soon we will have our first Judging event of the year. As of this writing, we have three Corvettes registered, a '59, a '65 coupe, and a '81. So get your judging clothes on and get out your glasses, mirrors, flashlights, and knee pads!

Also, please remember our cardinal rules about touching and wearing jewelry, belt buckles, etc.

So get ready for Slidell, Louisiana.

**Bill Folse**  
Judging Chairman

**Designer Vette**

**Beauty on the Bayou**

**Look But Don't Touch!**

## February 21 Meeting Minutes

### General Business Meeting and Judging School

The meeting was held at Gary Cox's Garage in Baton Rouge. Fourteen Chapter members attended the meeting.

Jim Boudreaux called the meeting to order at 1:30 PM. A sign in sheet was circulated for signatures.

Jim reported that our current membership is 80 members. At the end of 2009, chapter membership was 92. Mike Leeds plans to follow-up with a phone call or e-mail to those who haven't renewed. Chapter dues remain at \$20 per year.

Ralph Adams reviewed the Chapter Treasury Report. Our current bank balance is \$14,085.

Jim reviewed recent changes that have occurred at the NCRS National Organization. Mark Lincoln has been appointed Business Manager, which is a new position. Marilyn Heitzman has been appointed Vice President, replacing Mark. Marilyn is currently the Region 2 Director, and served the last few years as the Program Manager for the Chapter Award Program. Arland Dower will assume responsibility for this program.

Jim discussed the recent membership and judging database changes, how individual judging points are now updated and shown on the NCRS Technical Discussion Board site, and also briefly reviewed NCRS National by-laws. Jim will send out copies of the bylaws, or links to the NCRS site where they are available, so that chapter members can access. Jim also asked for any input or comments for the upcoming March 29 NCRS National Board Meeting in Charlotte. Anyone who wants to input into this meeting needs to call or e-mail Jim.

Mike and Jim stated that the current January/February Chapter Membership Roster will be given to the hotel to confirm chapter membership for the purpose of getting a room from the Chapter Room Block for the 2011 Florida Regional Meet. Late renewals, or new chapter members, will be handled by Mike on a one-on-one, exception basis, and based on room availability at that time.

Jim reported that we were recently notified by the NCRS National that we achieved a TOP FLIGHT CHAPTER AWARD for last year. This is OUTSTANDING, and reflects very well on our chapter and its members. The award will be presented at the National Convention in Charlotte in July. Jim indicated that he will be there to receive this award for our chapter. Congratulations to all!!!

Larry Mulder discussed the upcoming Charity Silent Auction. The group agreed at the last meeting to continue this event for this year and to keep the New Orleans Children's Hospital as our charity. It is an extremely worthwhile charity, and has been approved by the NCRS National for matching funds. The group stated that the auction format should be similar to last year, but that we need to open up the donations to include other things besides Corvette and car items. Everyone agreed, and Larry will include this change in the upcoming Charity Auction article for the newsletter.

Larry mentioned that everyone needs to find something to donate to the auction to help raise as much money as possible for Children's Hospital. Last year, many of the donations came from only a few chapter members.....this year we need everyone's help. The group also discussed trying to get donations from a couple of area businesses where our chapter members work or are well known. Larry will put together a short letter on Official Chapter stationary requesting donations for the auction, and describing how and where the monies will go, and that the donations are tax-deductible. This letter will be available for anyone planning to talk with a business regarding a donation. John Maggiore asked for a few copies. These will be provided. Others can call or e-mail Larry for additional details or for a copy of the letter.

Larry also discussed the need to plan a road tour or road tours for this year. We need this to meet our Chapter Award Program requirements as well to have some fun driving our Corvettes. Ralph Adams agreed to coordinate a road tour on March 28 in conjunction with the Greater New Orleans Corvette Club. It will be driving some of the Louisiana scenic back roads, with varying stops along the way for food, drink, and other activities. It sounds like a good time, so make your plans to attend. Ralph will get with Jim to advertise the event to all chapter members and to provide additional details by e-mail.

The group also agreed to have a second road trip in conjunction with the November 21 Judging Meet at Darrell Suber's Garage in Long Beach, Mississippi. Mike Leeds and Jim Boudreaux will co-ordinate this event, with Mike taking the south side of the lake and Jim taking the north side. They will also identify an additional meeting place along the way where others can also join up as needed. More information will be provided to everyone as we get closer to November.

Larry also discussed having a Corvette related, technical seminar for this year. A number of ideas were presented, along with asking the group for additional suggestions or needs. It was agreed to have a seminar for C2 and early C3 air conditioning operation and repairs. Larry will lead this technical seminar. It will likely take place at the July Chapter meeting and should last around 2 hours. The location has not been finalized, although John Maggiore volunteered his garage in Hammond. Equipment will be available for identifying refrigerant leaks and for R12 charging. Prior notification (to Larry) is needed for members who want to bring their AC cars, so that adequate time will be available.

Bill Folse was not able to attend the meeting today, so Mike Leeds discussed the upcoming April 18 Chapter Judging Meet in Slidell. Mike distributed registration forms, and Mike or Bill will e-mail additional forms to all chapter members within a few days. Bill is trying to hold the number of judged cars to around three or four (3 or 4) for this meet. We may already have verbal commitments for a C1 and a C2 for judging. However, you need to get the registration form filled out and sent to Bill as quickly as possible to reserve a judging spot, as well as to indicate if you are available to judge. We will definitely need judges, so please try to attend and support this chapter event. A second Judging Meet is planned for November 21 in Mississippi.

Jim discussed the upcoming National Convention in Charlotte in July. He indicated that he would like for everyone who is going to provide him with their itinerary and hotel arrangements so that he can communicate this to the chapter. That way everyone knows who is going, and where they are staying. There may be opportunities for some chapter members to travel or stay together as a group. Nine members have indicated that they will be going and/or be part of the National Road Tour. We are planning a BBQ for all chapter members attending the convention. Jim or Mike will communicate the details as they develop. This should be a SUPER EVENT.....so make your plans early to attend, and let Jim know you are going.

Jim reviewed the chapter meeting and activity schedule for the remainder of the year:

- Mar 28 First Chapter Road Tour
- April 18 Spring Judging Meet in Slidell
- May 15 Crawfish Boil and Charity Auction
- July 13-18 NCRS National Convention and National Road Tour
- July 25 General Meeting and AC Technical Seminar
- Sept 19 General Meeting and Judging School
- Nov 21 Fall Judging Meet in Mississippi and Second Road Tour

The Chapter Business Meeting finished at approximately 3:15 PM.

After a short break, Mike led a Judging School on Operations Judging. The NCRS Judging Video was shown, as well as a chance for questions and group discussion. The importance of Operations Judging in achieving a TOP FLIGHT AWARD was emphasized. The Judging School ended at 4:30 PM.

A special thanks to Gary Cox for hosting this event. His garage is a super facility... and Gary is always accommodating on dates and chapter needs. Thank you Gary.

Respectively submitted:

Larry Mulder  
Louisiana Chapter Secretary  
NCRS 20401 - 122

How'd you get your finger in *there*?

Time to go for a ride

## Jim Foxx Reminds The Rest of Us About Our First Trip To The Winter Regional...

In January I attended my second NCRS Regional judging event. It was held in Kissimme, FL at the Old Town Entertainment Complex. I had heard for some time this was the big one. Lots of vendors and lots to do. I was really looking forward to it. I teamed up with Richard Reed and we met up in Biloxi at 7am to caravan to Kissimme.

I guess you can call two trucks pulling two Vettes a caravan. We seemed to be two of a kind in that we were happy to stop only when we needed to fill our tanks or empty our tanks. Whichever came first. It was cool getting "looks" as we went down the Interstate pulling our prized 1970 Corvettes.

Each stop we made there was always somebody there to ask a question about our cars or where we were going. When we arrived at the hotel there were Vettes everywhere. And Vette people everywhere. And Vette merchandise everywhere. The next day we checked in at the registration tent and proceeded to park our cars in the staging area. We walked the rows and rows of vendors tables looking for treasures that might add points to our cars and bumping into old friends and new friends with the same interest and goals as us.

That afternoon we made plans to get together for dinner with all the other LA NCRS members for dinner (Jim Fox, Richard Reed, Mike Leeds, Bob Leeds, Darrell Suber, Jim Boudreaux, Gerald Avery, Ralph Adams, John Maggiorre, Fenwich Binder and spouses). It was an enjoyable evening. That night there was a heavy rainstorm. We had covered ours and even learned a trick to keeping them dry. We put one car cover over car. Then we put a layer of plastic. Then we put on a second car cover. Our cars were the only ones that were dry the next morning. The fences surrounding the event grounds were totally covered with soaked car covers hung up to dry out.

The next day was Friday and judging began. Our cars were not judged until Saturday so it was a day of seminars, gift shops, vendor booths and dinner.

I don't feel old "mentally", but "physically" I must confess I did take a short nap each afternoon. Saturday was the big day for us! It was a beautiful day with sunshine and a nice breeze.

There were lots of cars, judges and sightseers. Lots of stories from people about the car they owned. The car they used to own or the car they wished they owned. It was all *fun*. As our cars were being judged it was a little intense. Not as intense as my first time, but still intense.

I felt confident, that if my car had Top Flighted once, it should Top Flight again, especially with all the work I had done on it since the first time. But, you never know cause it is a matter of "interpretation" as we all know. One of the most satisfying parts of this whole experience was the kinship we shared together as members of LA NCRS. My team mates came by during the day to see how Richard and I were doing. They offered their advice and their time to help polish the cars or get us a soft drink I did feel like part of a team.

Richard and I kept close count of our points as each section of the judging process was completed. By the end of the day it looked good for a Top Flight, but we would not know for sure until that night at the awards banquet.

The banquet got off to a rocky start, but turned out nice. The food was good. The company was good and we all got the prize we went for. LA NCRS went home with three Top Flights and one PV award. I am now anxiously waiting on my judging sheets.

What is my next goal? National? PV? Might have to ponder that one a while, but I know the journey isn't over.

## Chapter Award Program Status

### 2010 NCRS CHAPTER AWARD PROGRAM

First, I want to say **congratulations** to all chapter members for their work and support of this program last year. Thanks to your efforts and participation, we achieved a TOP FLIGHT AWARD for 2009 for chapter excellence. **Everyone should feel very proud.** Jim Boudreaux will receive this award for our chapter at the NCRS National Convention in Charlotte in July.

At our last chapter meeting, everyone agreed to go for a TOP FLIGHT AWARD again for 2010. Based on what we learned last year, this year should be easier, but it still will require some effort. **Mainly, we need for everyone to come out to our chapter meetings and events, and to drive your Corvette.** This shouldn't be hard....it should be fun. The entire award program is built around the idea of chapter participation and fun activities.

We have already gotten off to a good start by having both a Business Meeting and a Judging School at our February 21 meeting. This fulfills two of the Award Program **Required Activities** for the year.....although more meetings and judging schools are planned for later this year. At our February meeting we also discussed/planned a number of other chapter activities for this year: an April Judging Meet, May Crawfish Boil, Charity Silent Auction for Children's Hospital, two road tours (March and November), a July technical seminar on Corvette air conditioning, and a late fall, second Judging Meet in Mississippi. In addition, a BBQ is being planned for all chapter members attending the July National Convention in Charlotte.

I will continue to champion this program and keep track of our progress. Every CROSSED FLAGS newsletter will have the summary score sheet for everyone to see. (Thanks, Bill). If I see we that are heading into trouble or falling behind, I will communicate it at the meetings and through the newsletters.

Until next time.....

*Larry Mulder*  
20401-122

## 2010 NCRS Chapter Award Program

By Larry Mulder, #20401-122

The **NCRS Chapter Award Program** was developed to promote involvement and participation by members in their chapter events while encouraging the sharing of knowledge in the restoration and preservation of the Corvette. The program measures the performance of each chapter against standard award criteria similar to the principal used in NCRS judging. Each chapter is eligible to receive an award every year after submitting the required quarterly reports and fulfilling the required criteria

The Award Program is based on the calendar year January 1 to December 31. Recognition Certificates are issued in February, and the award is presented to the chapter at the National Convention

### Louisiana Chapter NCRS 2010 Charity Event

At our February Chapter Meeting, the group agreed to again have a Charity Silent Auction as part of our May 15 Crawfish Boil Social Event at John Maggiore's home. Everyone also agreed to keep the New Orleans Children's Hospital as our charity. This is an extremely worthwhile charity, with an outstanding track record for helping sick and disabled children. They are also a 501-3c non-profit, and have already been approved by the NCRS National organization for matching funds. Last year we collected \$1160 for this charity. Jim Boudreaux presented the check to the Children's Hospital as part of the WDSU Channel 6 Memorial Day Telethon.

Larry Mulder will lead this activity again this year. Most things will be similar to last year. We will again have items displayed on tables under a small EZ-UP tent next to John's garage. Larger items will be set up in front of and around the tent. It will be a silent auction, and will probably start around 2 PM and last for two hours. Winners will be announced at the close of the auction. Ralph Adams will assist Larry in collecting monies from the auction and providing a check to the Children's Hospital.

Last year, many of the items were car and Corvette related. While this worked out well, the group recommended that we open up the auction to ALL interesting items, whether they are auto related or not. This should make it easier to find items to donate. It will also provide more variety for everyone to bid.

**Everyone in the chapter should try and provide an item for the auction**, whether you attend the crawfish boil or not. The more items we donate, the more money we can give to our charity. Last year, we had around two dozen items. Hopefully this year we can get even more. Please try to donate.

We also discussed trying to get a few donations from select local businesses, where our chapter members either work or are well known. Examples a Chevrolet/Corvette Car Dealership, local auto parts store, etc. Since the Children's Hospital is an established 501-3c non-profit, all donations are tax-deductible. Larry agreed to provide a short letter on official club stationary explaining this for requesting business donations. Copies of this letter can be obtained by calling or e-mailing Larry.

Each person who has an item to donate should send a short description of the item and its condition (new, used, good shape, etc) to Larry. The e-mail address is shown below. The target date for collecting this information is Friday, May 7. A total listing with descriptions of all items will be compiled and electronically sent out to everyone before the Crawfish Boil and Silent Auction.

Folks wishing to participate, but who do not have items to donate can make a cash donation. All donations and auction sales prices from the event will be published in the Chapter newsletter and a check for the total dollars given to the New Orleans Children's Hospital. There are no expenses that will reduce the donation amount to the Children's Hospital.

Everyone should bring their item(s) to the Crawfish Boil and give to Larry prior to the start of the auction. If you cannot make the Crawfish Boil but have an item to donate, Larry can arrange to have the item picked up. But you need to request this service a week or two in advance.

We already have commitments for four or five items. These include Corvette parts, shop tools, and women's jewelry. Please help us add to this list. Our goal again for this year is to raise \$1000 or more.

Sincerely,

Larry Mulder
